*“When the student is ready, the teacher will come.” What is life teaching you today? How is life inviting you to grow? With the dawn of each new day we are given the opportunity to begin again - to learn new lessons, set new goals, release fear and grow into wholeness. Whether one’s “new beginning” is significant or small, the goal of this retreat is to empower women to move forward with hope and confidence.*

## Facilitator: Peggy Patenaude
